This flow chart is formatted to display a "cluster" of courses available to a student during a year. Do not feel obligated to take courses in the *exact* order listed, however, you must meet prerequisites before enrolling in courses.

A minimum of **180** units is required to receive a B.S. in Economics. The Economics flow chart is based on a 28-unit concentration or 28 units in Economics Electives. Concentration courses cannot be double counted with Major or Support courses. At least 12 units of GE courses must be 300/400 level. \*Either the Physical Science (B3) or Life Science (B2) must have a lab. *Econ 303, 304, 322 do not count as a D5 for Econ Majors.* Note regarding electives: Students may use free electives for a minor(s) or an additional concentration(s).
