**Pages 73 and following under General Education Requirements show classes that qualify for each area. For example, “C2” on the chart above refers to “Area C2 Philosophy” and can be fulfilled by different classes. See the catalog to determine which classes will qualify for that area. Business majors will complete GE requirements in all areas A, B, C, D, and F. Where a specific class is needed, such as “STAT 251 Statistical Inference for Management”, it is so indicated on this chart using the specific class prefix (STAT) and specific class number (251).
