**SEE CATALOG FOR SPECIFIC INFORMATION REGARDING PREREQUISITES & GENERAL EDUCATION (GE) APPROVED COURSES**

This flow chart is formatted to display a “cluster” of courses available to a student during a year. Do not feel obligated to take courses in the exact order listed. However, you must meet prerequisites before enrolling in courses.

A minimum of 180 units are required to receive a B.S. in Business Industrial Technology. At least 12 units of GE courses must be 300/400 level. * An A.A.E. is an Advisor Approved Elective. These courses are within the IT area. Note regarding electives: Students may use free electives for a minor(s). Please plan accordingly and explore your career interests early during your freshman year with a Career Advisor at Career Services. **With this sample flow chart you will be one unit short of sophomore standing after the first year.**
