Tenure Track Position Announcement

Information Systems

The Management Area of the Orfalea College of Business at Cal Poly seeks applicants for one or more full-time, tenure-track, academic year positions at the rank of Assistant or Associate Professor in the primary area of Information Systems (IS). Interest and ability to teach both undergraduate and graduate level classes is desirable. Applicants are expected to be able to teach core IS classes such as Systems Analysis and Design, Database Systems, and System Implementation, for example. A background and interest in teaching specialized IS courses such as computer networks, mobile applications, and business intelligence would be a plus.

The successful candidate must have completed a doctorate or equivalent degree in Business or a closely related field from an AACSB or equivalent accredited institution. The Ph.D./DBA should be awarded by the time of appointment. Applicants are expected to demonstrate exemplary teaching and a strong publication record (corresponding to rank), as well as currency in their professional field. To complete an application, please visit http://www.calpolyjobs.org, and apply to requisition #102916. Attachments should include a cover letter, current vita, a sample research paper, evidence of teaching effectiveness, and the contact information for three references. Transcripts of highest degree will be required of all finalists. The position will remain open until filled.

Initial conversations will take place at the Americas Conference on Information Systems (AMCIS), Chicago, Illinois, in August 2013. Interested applicants who would like to be considered for an informal conversation at AMCIS should email a copy of a cover letter outlining their research and teaching
interests and a curriculum vita to the search committee at CalPolyISRecruit@gmail.com. Applicants may also register through the AIS Career Placement Services website at http://www.aisnet.org/placement/. Cal Poly is an Equal Employment Opportunity employer and Orfalea College of Business is strongly committed to achieving excellence through cultural diversity. The University actively encourages applications from all qualified individuals.
