**Notes**

<sup>1</sup> A course taken from the Industrial Technology electives list cannot be double counted as a Technology elective course. At least 4 units must be upper division.

- A minimum of one-half of the coursework must be completed in residence.
- At least one-half of the minor units must be upper division courses (300-400).
- Minor must be completed BEFORE or at the SAME TIME as the Major.
- Students MUST complete all Minor courses, including Minor prerequisites, with no Ds, Fs, or WUs or be subject to dismissal from the Minor.
- We recommend students start taking courses in the minor curriculum no later than the first quarter of their junior year. Upper level ITP courses or course substitutions are not guaranteed to minor students. Students must design their plan of study after careful evaluation of the course offering schedule.
